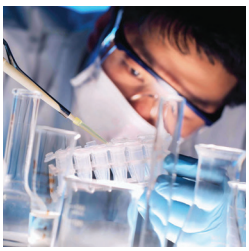
LinkTADs

LinkTADs - Linking Epidemiology and Laboratory Research on Transboundary Animal Diseases and zoonoses in EU and China



WHAT ARE THE PRIORITY AREAS IN ANIMAL DISEASES AND ZOONOSES FIELD?

HOW CAN EUROPEAN AND CHINESE RESEARCHERS COOPERATE IN THESE PRIORITY AREAS?

LinkTADs brings together world-class research institutes and experts in cross-border cooperation with the aim to coordinate the development of new epidemiology and laboratory tools by linking researchers in China and Europe. It will facilitate research collaboration and bring down barriers, including regulations, policies, politics and language.

CLOSE EU-CHINA COLLABORATION

- Wide coordination of research activities
- Establishment of linkages between ongoing animal health programmes
- Improved training opportunities for researchers
- Engagement of relevant scientific, business and policy-making communities

3 YEARS OF INTENSIVE ACTIVITIES

- Synergies with ongoing EU and China initiatives
- Workshops and seminars for stakeholder engagement
- Exchange and training programmes
